**Player Name:**

Occasionally, we may take photographs, or video, of the young players at our Club and whilst participating within league matches. We may use these images on our website and social media sites.

To comply with the Data Protection Act 1988, and as part of the Club's Child Protection Policy, we need your permission before we can photograph, or make recordings, of your child.

Occasionally during matches and at some tournaments, third party photographers acting on behalf of the tournament organizer or league officials may approach team coaches and request permission to photograph players; this may be whilst playing or in a team photograph afterwards. We are also requesting your advance consent for pictures to be taken under such circumstances.

Please answer the questions below and then date and sign the form where shown. The completed form should then be returned to the Club via your team manager or the Child Welfare Officer.
